

Aim high. Work hard.
And have the right printer.

Samsung Printer **Xpress M2625D/M2825DW**

Mono Laser Printers Designed to Make You Look Your Best

Complement all your ambition and talent with a printer that will make you look every bit as good as you are. The Samsung Printer Xpress M2625D/M2825DW network and wireless mono laser printers deliver world-class results, with the reliability Samsung is known for. With fast print speeds, innovative imaging technology, a 12,000-page duty cycle and sleek designs, they'll promote a professional image with every job you do.

Be More Productive

You'll speed through jobs at print speeds up to 27 ppm on the M2625D, and up to 29 ppm on the M2825DW.

Efficient

Print on both sides of the page with built-in duplex printing, and be even more efficient by using Eco mode to save on toner and paper.

Professional Image Quality

Samsung's ReCP image processing technology combines with our polymerized toner for sharp, crisp, high-resolution images. And the two-piece toner system means you can replace the toner and drum separately, for greater cost efficiencies.

One-Touch Wireless Setup

Getting up and running with the wireless M2825DW is simple. Just press the WPS (Wi-Fi Protected Setup) button on your WPS enabled router and the WPS button on the M2825DW, and your printer will automatically configure and connect to your wireless network. So simple.

Easy Mobile Printing

Print from your iPhone®, iPad®, Windows® Phone or Android® mobile device directly to the wireless M2825DW. Just download our free Mobile Print app, and you can print without a computer.

Sleek, Professional, Silent Design

Samsung products are designed to impress with both their performance and their looks. And with printing volume at less than 50 dBA, the M2625D and M2825DW are the strong, silent types.
