NETWORK SCANNING (optional)

Concurrency	Scan while the system is printing copy or network print jobs, or while it is transferring scan-to-network or fax jobs
Input Speed	65 ipm—(letter/8.5 x 11"/216 x 279 mm/A4 long edge feed [LEF]) at all resolutions
Resolutions	600 x 600 dpi 300 x 300 dpi 200 x 200 dpi 100 x 200 dpi
Maximum Scan Area	Ledger/11.7 x 17"/297 x 432 mm/A3
Authentication	Optional secure device login with network user name and password Supports Kerberos (Windows 2000/UNIX), SMB (Windows NT 4.0/Windows 2000) and Novell NetWare 4.x/5.x/6.x Optional PIN-based guest login
Network Protocol	Novell (NCP via IPX/SPX) FTP via TCP/IP Microsoft SMB
File Formats	TIFF 6.0 with G3 MH and G4 MMR or JPEG compression (single page or multiple pages) PDF (image only) with G3 MH, G4 MMR or JPEG compression
Document Management Fields	One to six user-programmable metadata fields per scan job Customized fields viewed on WorkCentre Pro user interface Variable data entered using virtual keyboard at WorkCentre Pro
Scan Destinations	Scan to network server Scan to remote e-mail destinations via direct SMTP addresses Scan to e-mail via optional CentreWare® Scanning Services using MAPI 32-bit compliant e-mail client Scan to application (workflow, Electronic Document Management System) Scan to Microsoft Exchange public folders Scan to PC Desktop™ (Standard and Deluxe editions) Scan to Windows XP client via Windows Image Acquisition (WIA)
Network Scanning With E-Mail Includes:	Template-based scanning (allows scan workflows to be easily created and replicated) Scan to network directory Scan to e-mail distribution Scan to Xerox or third-party applications Scan to Windows XP client (requires WIA driver downloadable from xerox.com)
Scanning Software Options	Scan to PC Desktop Standard—includes everything in Network Scanning With E-mail, plus: —Xerox CentreWare Scanning Services – software tools that enhance the administration and use of template-based scanning —ScanSoft® PaperPort® SE 2.0 – image viewing and file management software —ScanSoft OmniPage® SE 1.0 (for CW Distribution Server installation) and ScanSoft OmniPage SE 2.0 (for desktop/client installation) – OCR and file format conversion software Scan to PC Desktop Deluxe—everything in Network Scanning With E-mail, plus: —Xerox CentreWare Scanning Services – software tools that enhance the administration and use of template-based scanning —ScanSoft PaperPort Pro 9.0 Office – image viewing and file management software —ScanSoft OmniPage Pro 11.0 (for CW Distribution Server installation) and ScanSoft OmniPage Pro 12.0 Office (for desktop/client installation) – OCR and file format conversion software

WorkCentre® Pro 65/75/90 Advanced Multifunction Systems

E-MAIL (included with all network scanning options)

Capability	Direct document e-mail from the device Manual address entry or directory (Exchange/Notes™/LDAP) address searching
Resolutions	600 x 600 dpi 300 x 300 dpi 200 x 200 dpi 100 x 200 dpi
Maximum Scan Area	11.7 x 17"/297 x 432 mm/A3
Network Protocol	SMTP, MIME encoded
Authentication	Optional secure device login with network user name and password Supports Kerberos (Windows 2000/UNIX), SMB (Windows NT 4.0/Windows 2000) and Novell NetWare 4.x/5.x/6.x Optional PIN-based guest login
Directory Access	Supports corporate address list via LDAPv3 (Exchange/Notes) Downloaded address list (comma-separated file format)
File Formats	TIFF 6.0 with G3 MH, G4 MMR or JPEG compression (single page or multiple pages) PDF (image only) with G3 MH, G4 MMR or JPEG compression

COPYING

Document Scanner	Duplex Automatic Document Feeder with 100-sheet capacity
Sides (input:output)	1:1, 1:2, 2:2 and 2:1
Quantity	1 to 9,999
Resolution	600 x 600 dpi x 8 bit
Concurrency	Concurrent scanning and printing
Digital Imaging	AutoIQ automatic digital image quality control Auto rotation selection 90° or 270° when needed Image shift Edge erase Edge-to-edge copying Auto centering Original type selection (normal, text, halftone, photo) Lighter/darker Background suppression Contrast Sharpness Screening

COPYING *Continued*

Copy Pre-collation Memory	64 MB RAM standard Optional upgrade to 192 MB 9.1 GB disk storage (minimum)
Reduction/Enlargement	Variable zoom from 25% to 400% in 1% increments Anamorphic zoom Six user-programmable percentages
Special Features	Annotation (user-editable comment, pagination, bates stamping, and date stamping) Auto paper select Auto reduction/enlargement to fit selected paper size Auto registration Auto tray switching Automatic job recovery Booklet creation N-up—up to six columns by six rows maximum for letter/8.5 x 11"/216 x 279 mm/A4 Transparency dividers (blank or printed) Negative image Mirror image Covers insertion (front only, front and back, back only; blank or printed) Build Job (enables special programming for different pages in one document—can be used for inserts, tabs, different paper sources, and mixing input from the document glass and the document feeder) Store and recall job programming Job interrupt Bound document copying Sample set Mixed-size originals Folding (requires Professional Finisher) Saddle-stitch booklets (requires Professional Finisher) Stapling (single/dual)
Foreign Device Interface/ RS-232 Port (optional)	Interface to third-party access control devices, coin machines, card readers Supports a variety of vending stations available through the Xerox Custom Application Service PC interface for upload/download of internal auditron data
Accessibility Option	Xerox Copier Assistant™ Software provides a PC-based alternative to the user interface touchscreen. Used in conjunction with a customer-supplied PC attached via the USB port, this software provides text-to-speech, screen magnification and easy PC keyboard access to basic and advanced copy features.*

*Available in US only

WorkCentre® Pro 65/75/90 Advanced Multifunction Systems

INTERNET FAX (optional)

Capability	Direct document transmission to remote Internet Fax machines or e-mail clients (SMTP) Reception and automatic printout of documents sent via e-mail from remote Internet Fax machines or e-mail clients
Maximum Scan Area	11.7 x 17"/297 x 432mm/A3
Authentication	Optional secure device login with network user name and password Supports Kerberos (Windows 2000/UNIX), SMB (Windows NT 4.0/Windows 2000), and Novell Netware 4.x/5.x/6.x Optional PIN-based guest login
Address Directory Access	Corporate address list via LDAPv3 Downloaded address list (comma-separated file format)
File Formats	TIFF-FX profiles S, F, with G3 MH or JPEG compression PDF (image only) with G3 MH, G4 MMR or JPEG compression
Resolutions	600 x 600 dpi 300 x 300 dpi 200 x 200 dpi
Network Protocols	SMTP POP3 (RFC 1939)
Compliance	ITU-T T.37 compliant

NETWORK FAX SERVER INTEGRATION (optional)

	Provides walk-up faxing and hard-copy output of received faxes when integrated with third-party fax-server applications (fax server and software must be purchased separately from supplier). Transmission speeds, number of lines, compatibility and compression are dependent on fax server configuration.
Fax Send Features	One- or two-sided scanning (up to ledger/11 x 17"/279 x 432 mm/A3) Phone number entry Add to send list (50 numbers maximum) Delay send (specific time) Resolution selection (fine, standard) Image quality selection (normal, text, halftone photo, photo, background suppression, seven levels of contrast, seven levels of sharpness)
Fax Print Features	One- or two-sided printing (up to ledger/11 x 17"/279 x 432 mm/A3) Quantity Staple on/off Collate on/off Secure print on/off Finisher output tray selection (top tray or main tray)
Authentication	Optional secure device login with network user name and password Supports Kerberos (Windows 2000/UNIX), SMB (Windows NT 4.0/Windows 2000), and Novell® NetWare 4.x/5.x/6.x Optional PIN-based guest login
Supported Network Fax Vendors	Multiple vendors, certified by the Xerox Business Partners Program. For details, visit www.xerox.com .

WorkCentre® Pro 65/75/90 Advanced Multifunction Systems

DEVICE MANAGEMENT

Management Support	SNMP Version 1 and SNMP Version 2c trap MIB access (IETF-MIB II RFC 1213), host resources MIB RFC 2790, Printer MIB RFC 1759 v. 2
CentreWare Network Services	Device Discovery wizard (available at www.xerox.com) Device Administration wizard (available at www.xerox.com) Font management utility
Xerox CentreWare Web	A Web-based server application for network administrators that permits Web browser-based device management from any workstation, whether running Windows or UNIX or any other operating system. Works with any SNMP-managed printer from any manufacturer. Provides help with device discovery and installations, health checks and troubleshooting, and device upgrades, as well as basic accounting and asset management. Requires Windows XP or 2000 (Professional or Advanced Server) and Internet Explorer 5.01 or higher.
Novell NDPS/NEPS (gateway for WorkCentre Pro)	Server gateway application: centralized management tool provides streamlined installations via printer agents, automated printer driver installation and downloads, printer and job configuration, configurable event notification.
Xerox CentreWare® for Unicenter TNG®	Provides added identification to the general discovery performed by Unicenter TNG and the ability to see the WorkCentre Pro under a Unicenter TNG Business Process View. Provides full integration with event management and the choice to integrate with problem management and advanced Help Desk.
Xerox CentreWare® for Tivoli® NetView®	Provides for the identification of Xerox N-Series printers and WorkCentre Pro multifunction devices in the general discovery performed by Tivoli NetView. Provides the ability to see the discovered Xerox printers/devices in a Xerox Printers Set in addition to the Printers SmartSet. Provides full integration with the NetView and Event Browser and Tivoli Enterprise Console (TEC).
Xerox CentreWare® MC for Microsoft Management Console (MMC)	CentreWare MC Snap-in supports printer discovery and management via a Microsoft Management Console (MMC) link to an embedded Web server in NT and Windows 2000 environments. It is a general-purpose management display framework for hosting administrative tools.
Xerox CentreWare® for HP® OpenView®	Provides for the identification of Xerox N-Series printers and WorkCentre Pro multifunction devices in the general discovery performed by HP OpenView. Provides the ability to see the current status of discovered Xerox printers/devices under a Xerox PrinterMap and IP Map via color-coded icons. Provides traps and message updates to the OpenView alarm browser and the ability to launch CentreWare Internet Services for device management directly from OpenView.
Xerox Plug and Print 2000	Plug and Print 2000 (PnP2000) is an administrative service program that simplifies enterprise-wide printer installs and relocations for Windows 2000 environments. The product discovers devices, automatically installs devices, enables sharing printers to users and provides install reports—all through a user-friendly interface.
Xerox Barcode Pro PS (optional)	Enables intelligent PostScript barcode printing on Xerox multifunction printers by storing Xerox software as well as the barcode fonts on the printer hard disk. This solution enables the printing of barcodes from any application (client or mainframe) that supports PostScript® printing. Automatically calculates the check digit, places start/stop and middle bar characters in the data string, compresses and encodes the data string, and rotates the barcode through 90 or 270 degrees.

Purchase via www.font.net

Continued

WorkCentre® Pro 65/75/90 Advanced Multifunction Systems

DEVICE MANAGEMENT *Continued*

Xerox Device Types for SAP R/3 Environment	Simplifies printing in SAP R/3 environments by providing users of SAP R/3 v4.6C, 4.x and 3.x ERP applications with enhanced WorkCentre Pro printing functionality (PostScript and PCL): <ul style="list-style-type: none"> —Simplex or duplex printing —Finishing—single or dual stapling —Tray pull location from six different trays —Print security via PIN ID capability at the WorkCentre Pro
Xerox SAP R/3 PostScript Intelligent Barcode Utility (optional) <i>Purchase via www.font.net</i>	Provides built-in process intelligence that allows the automated printing of barcodes on any appropriately configured PostScript printer on the SAP R/3 4.x (or higher) network. Used in conjunction with Xerox PostScript Device Types for SAP R/3 Environment and Xerox Font Center Barcode Fonts. Utility enables automated checksum calculation, placement of start/stop characters, encoding of data string and data compression.

PAPER HANDLING—Duplex Automatic Document Feeder (DADF)

Capacity*	100 sheets
Document Feeder Scan Speed	65 images per minute—letter/8.5 x 11"/216 x 279 mm/A4 long edge feed (LEF)
